Manual Testing.

Automated testing output.

The screenshot shows the Visual Studio Code interface with the 'TERMINAL' tab active. The terminal displays the output of a Node.js script. The output includes a 'Hello World!' message, followed by a series of status messages: '200: Welcome to WEB700 Assignment 1', '200: This assignment was prepared by Manoj Anton Manorathan', '200: User Logged In', and '404: Unable to process GET request for /randomPath'. The output then repeats the '200: Welcome to WEB700 Assignment 1' message, followed by '404: Unable to process POST request for /panel', '404: Unable to process POST request for /panel', '404: Unable to process POST request for /panel', '200: Logout Complete', '404: Unable to process GET request for /logout', '404: Unable to process POST request for /randomPath2', '404: Unable to process GET request for /randomPath1', '404: Unable to process POST request for /contact', and '404: Unable to process GET request for /login'.
